J. E. MADDEN SPRINGS ANOTHER GOOD ONE AT SHEEPSHEAD BAY. Demarrer Captures the Woodcock Stakes in Track Record Time for A. L. Aste-The Fielschmanns Lose Their Highly Tried Youngster, Six Shooter-Entries To-day.

A good card and the possibility of a breeze attracted 5,000 lovers of racing to Sheepshead vesterday afternoon. More practical reaons brought out a long array of bookmakers and they retained most of the money invested, as only two favorites won. Still the layers annot be accused of "skinning the lamb," for the four other winners were well backed at remunerative prices. Weather and track anditions contributed what proved to be an

enjoyable afternoon. The first stake feature on the card was the Woodcock for two-year-olds, with selling al-lowances. As it was scheduled to be run over lowances. As it was scheduled to be run over lowances, students of form were all'astray and they finally selected Moor, from the Goughards stable. He had run a remarkable sixfurlong trial last week while making the pace for Lady of the Valley in her final spin for the Futurity, and his time of 1:13½ was thought good enough to plunge on. Moor showed speed in the getaway rush, but was soon output by J. E. Madden's cast-off, Demurrer, now running in the colors of A. L. Aste. The son of Deceiver was let go by John E. Belie of Troy played to odds-on, scored an easy victory in the second race and looked such a bargain at the entered selling price of \$2,000 that Tod Sloan bid her up to \$4,000.

J. E. McDonald protected her with the custom ry extra bid of \$5 and it is said that he collected more than the deficiency in the ring.

The hurdle race resulted in a clean-cut win for the favorite, Klondyke, over the second choice, Draughtsman. Nine horses competed and all kept their feet, although the race was run at a fast clip. King Bramble, at the liberal odds of 6 to 1, won the closing race of the day easily by two lengths from Bettie Gray, quoted at the same price. The joint favorites, Potente and Mayor Gilroy, finished third and sixth, respectively. The race calls for little description, as after the first half, during which Mayor Gilroy looked formidable, the three horses in the money fought it out among themselves. Bettie Gray had a tight squeeze to beat Potente and only beat him a neck for the place. Summary:

RACING ON OTHER TRACKS. At Hawthorne.

CHICAGO, Aug. 28. - Six favorites were first past wire at Hawthorne to-day, and but for the disqualification of Ohnet the first choices would have awept the card in spite of a deep, soft track. The race which was taken away from Ohnet was the fifth, race which was taken away from Ohnet was the fifth, a handicap at a mile. Ohnet was always an even-money favorite and heavily played, while Maggie Davis was nibbled at by the pikers at 5 and 10 to 1. Brigade was the second choice. Maggie Davis set the pace, but both Ohnet and Brigade got to her half way down the stretch and she appeared to be beaten. She came again, however, under punishment and was running head and head with Ohnet when he swerved toward the outside, carrying the mare out with him. After questiofing the boys the judges disqualified Ohnet and gave the race to Maggie Davis, who finished second and would probably have won but for the interference. Summary:

Windsor, Aug. 28 - it looked as if the talent was going to have a very good day at Windsor, as the card looked very easy. Never dreaming that they were to be disqualihed twice, Marco Polo was the first fail they received. After being heavily played and then landing first by half a length, the best they got was to be disqualihed out of their money. The same penalty fell upon Soilust in the steeplechase. Turf Notes.

Lexington, Ky., Aug. 25.—Two large consignments of thoroughbred yearlings left here for the East to-night. One is from the Castleton stud of James R. Keene, being the get of Kingston and other noted stallions, while the other is from Nantura, the get of Farandole, Imp. Rossington and Patron. Both bunches are to be sold at Sheepshead hay in September.

John Henry had one of his winning streaks yesterday and landed two firsts and a second. McCue and Bullman broke nearly even, the former scoring one first and two thirds, while Bullman rode one winner and one third. J. Siack came next with one winner. Other prominent jockeys who figured in the money were Taral, Maher, Turner, Slack, Odom, Littlefield and Spencer.

King Lief, the phenomenally fast two-year-old son of Prince Lief—Gladiola, changed hands yesterday. When J. D. Smith uncovered him at Saratoga he was offered as high as \$12,000, but refused to sell, and when the coli won the Autumn Maiden Stakes at Sheepshead Bay on Monday in a gallop there was a stampede among owners to get him. M. Murphy yesterday made the top bid of \$15,000 and secured the prize.

Tweatleth Century Club Has Not Paid the Loser's End of the Purse.

The unexpected termination of the battle between Joe Walcott and Tommy West at Madison Square Garden on Monday night was widely discussed by the sports yesterday. Walcott was roundly condemned by all those who lost money on him, and judging from the comments expressed, it is doubtful whether he will be able to restore himself in the confidence of the public again. That Walcott is a great fighter is not denied. Although he says he was not in the best condition, his showing proved otherwise, for he cut out a fast pace from the start and was never in danger at any stage. The management of the Twentieth Century A. C. where the mill was fought declares that it should be held blameless in reference to the fight. Jim Kennedy, the club's matchmaker, states that Wolcott will not get a cent of the loser's end of the purse, no matter what may betide. He is very bitter against the colored pugilist and hints that there is a plot on foot by some of his enemies to kill his club and keep the public from attending the fight between McCoy and Corbett to-morrow night.

In a talk with The Sun reportert Walcott said yesterday:

In a talk with The Sun reportert Walcott said yesterday.

I was not in the best of "condition and quit because my arm was hurt. I did not have very much time in which to train. My stomach was bad, too, and I shouldn't have gone on. But I did not wish to disappoint the crowd, and that is the reason why I went on and fought. The fight was no fake. I got licked fairly and squarely, that's ali.

Walcott did not look like a man who was not in perfect trim. There was no sign that his arm was not in normal condition, and he seemed to be as well and healthy as he ever was.

Rubito and Maher May Fight in England.

There is a possibility that Gus Ruhlin may soon go abroad and meet Peter Maher before the National Sporting Club, London, some time this winter. Billy Madden, Ruhlin's manager, had this winter. Billy Madden.Ruhlin's manager, had a talk with Peter Lowery, who does Maher's business, and asked the latter if Maher would flight Ruhlin in England. Lowery repiled that the Irishman would and Madden promised to see Dr. Ordway, the club's American representative, to-day about a match. Madden expects a \$5,000 pur-e. Maher and Ruhlin fought one of the hardest heavyweight battes in a long time at the Lenox A. C. a few years ago and the re-ult was a draw.

Madden has also under consideration an offer from a club in San Francisco for a 20-round struggle between the "Akron Giant" and Maher. He says he wants to wait until he hears from the foreign club before he accepts. Billy further said that Gus is prepared to tackle Bob Fitzsimmons again in Frisco next November.

Hussar Being Altered.

Rear Commodore James D. Baird's Hussar H., Larchmont Yacht Club, is at Webber's yard at New Rochelle having several alterations made preparatory to the fall regatias. some slight changes are being made in the yacht's interior, but the most important are to the rig. A new mast has been stepped further aft than the old one and a few feet longer. A topmast is to be fitted and the yacht will have a double head rig. It is thought that this will do much to improve her speed and Commodore Baird hopes to win a race or two in the fall regattas.

In a brief talk last night Elkes said that he did not like the French style of pacemaking with tricycles "as big as locomotives." rie said that while in Europe he had won more races than had Edouard Taylore, the French champion. In his opinion the sport is defoot of 132d street at 9:30 A. M. The programme generating in France, having been overdone, and next year Germany, he thinks, will take the lead in cycle racing. Concerning the merits of the Frenchmen as riders Elkes said that they beat the world at short sprint riding, their whole idea and practices being to loaf around the track until the turn for home. In consequence they are faster for the last 100 yards of a race than American riders, Cooper, Elkes said, is making a fine showing on the other side and is riding faster than any Frenchman except Jacquelin. Elkes's father and trainer, "Pop" Elkes, did not come across with him, but will return later in charge of a party of European cyclists, who will race here this fall and winter. Harry Elkes left for Boston last night. He said that he was out of condition and would need a long rest before he was fit to ride.

> The agitation in the League of American Wheelmen begun by the determined opposition of the New York State officers to the abolition of the State divisions has by no means been settled. The New Yorkers are as determined as ever in the stand they have taken. As a matter of fact the League is in a precarious condition. This is admitted by its most ardent supporters and oldest members. To abolish the State divisions would be to leave only a nominal organization, in the opinion of the New York recalcitrants, and if it is done "there will be in a year," according to one man, "nothnominal organization, in the opinion of the New York recalcitrants, and if it is done "there will be in a year," according to one man, "nothing left of the League but the secretary, his \$3,000 salary and a few hundred members constituting virtually a mutual admiration society." Chief Consul Belding of this State came out plainly in a talk with a reporter of The Sun yesterday and said that the League should pay only for clerical work. It is understood by the New Yorkers that the latest idea of the Revision Committee is to leave the State divisions in existence, but have all the money go to the national officials without rebate for division expenses. This would prevent the maintenance of an office or headquarters in the State where members could go. Chief Consul Belding is a business man. He believes that it was all right for the League to have its office in a hat or a vest pocket when there were only a few hundred members, but that with several thousand dollars it is necessary to have an office in order to do business properly. It is argued by those who favor the abolition of the State divisions that in England there are no divisions of the Cyclists' Touring Club, which is highly presperous. After first replying that the United States is vastly different from England in a way that makes State recognition necessary, the oppositionists in New York have bettered the suggestion by declaring that it gets more money from its members in the shape of dues, pays its secretary less and gives its members more for their money than the League. It is thought by some that it would be a wise solution of the League's whole difficulty to charge \$1.25 or \$1.50 for annual dues instead of \$1, and it is held that this would be as readily paid by the thirty odd thousand who are now loyal.

BOSTON, Aug. 28.—Will Stinson proved himself more than a match for Championat Charles River Park to-night by winning the 25-mile motor paced race, taking it from the latter in the twenty-third mile, reeling out the twenty-five miles in 41 minutes 54.3-5 seconds. Albert Champion coming up to the tape in 42 minutes 8.3-5 seconds. Charles Miller quit in the final mile, although had he made a harder fight he would have pushed Champion for second place. Miller got the pole in the drawing, but Stinson caught the pace first and cut out a lively clip. He soon settled down to steady work behind Champion, continuing at an average distance of ten yards until they both had lapped Miller. Then they again settled down to the same old gait, the time for the miles becoming slower and slower Miller was not making any appreciable headway, and Stinson finally got the lead on Champion in the second lap of the twenty-third mile, holding it to the finish. Miller had in the meantime been plugging a little, and seemed in a fair way to beat out Champion for second money, but as the laps went on he seemed to lose heart and finally quit entirely. The best mile of the evening was the fourth, which was covered in 1 minute 36 seconds, three seconds slower than the similar mile in the 25-mile race of Saturday night.

Springfield, Aug. 28.—What promises to be an interesting event was begun at the Coliseum here to-night. It is a six-hour race, one hour to be run off each night. The contestants are Bob Waithour, Harry Caldwell and Burns Pierce. At the end of the hour to-night the score stood: Walthour, 33 miles 4 laps: Pierce, 33 miles 4 laps: Caldwell, 32 miles 3 laps.

In the last minute of the race the rear man on Walthour's motor lost his pedal, fell off his machine, and Walthour, Pierce, and the latter's pacemakers mixed it up on the track. All were hurt, but will be able to race to-night. Caldwell had trouble with his motor pace, which explains his failing behind. The summary of the one-mile professional handicap follows:

lows: Won by R. S. Ireland. Newark, N. J., 110 yards; J. J. Newkirk, Culcago, 110 yards, second: John Fisher, Chicago, scratch, third, J. W. White, Orange, N. J., 125 yards, fourth: A. B. Stone, Derver, Col., 40 yards, fifth. Time, 1 minute 57 seconds.

John L.'s Benefit To-night.

The benefit which is to be tendered John L. Sullivan at Madison Square Garden to-night, bids fair to assume great proportions. Every sporting man of acte who is interested in the future welfare of the ex-champion is doing all in his power to make the occasion a success. in his power to make the occasion a success. Jim Kennedy, who is managing the testimonial, announces that in addition to the regular programme he has arranged three "special" bouts of ten rounds each to be fought on their merits. George Munroe and Willie Ryan, at 118 pounds, and Jim Burke and Denny Moore, at 135 pounds will try for supremacy. Numbers of noted boxers, from Jeffries down, will take part, and the programme, it is said, is one of the largest and best ever given at a similar entertanment. Sullivan and Jeffries will wind up in an exhibition bout, and it will be a case of the new champion against the old.)

The course was four miles to leeward and return, and, with the southeasterly airs, made its run out and a beat home. The summary:

The Champions played all round the Quakers at Washington Park vesterday afternoon and as a result chalked down another victory to their credit. Capt. Kelley's fine stick work figured prominently in the victory. He hammered out a three-bagger and a home run, the former coming in with two men on bases. Keeler also used the bat with telling effect, two of his three hits sending men across the plate. The Philadelphia players were unable to hit the ball at the proper time. They had eleven men left on bases. In the fourth inning Jones kicked over a strike called on him and was at once put out of the game, Sheckard taking his place. This ended the kicking. BOSTON, Aug. 28.—New York won its game to-day by the hard hitting of Davis and Doyle, whose home runs in the eighth and ninth innings came just at the right time. Boston forged ahead in the eighth, scoring three runs, but in the ninth they could not get a man around after New York had resecuted its lead. Pink Hawley pitched the best game ho has shown at the South End in years, while for Boston Dineen was effective. Boston's fielding was superb, Collins and Long doing some remarkable work.

TROTTING AND PACING.

Connor Lowers His Record in the 2:10 Pac

PROVIDENCE, R. L. Aug. 28.-To-day was an ideal one for light harness racing and a big crowd was present on the second day of the Grand Circuit Meeting here. The events were well contested and exceedingly interesting. That the Narragansett Park track is one of the fastest in the country was proved to-day by the time made in every event. In the second heat of the 2:10 pace Connor not only lowered his own record but also the record of his class so far this season. The talent went astray in all but one event, Connor being the only favorite to win. The 2:14 trot brought over from yesterdey drew the crowd out early. This event was landed by Alice Barnes, who showed unexpected form. Evolute won the 2:25 pace handly in good time. In the 2:30 trot Mr. Middlemay showed his heels to the bunch. The 2:10 pace was the best event on the card. Connor won in three straight heats, but was forced to clip his own record to land the money. It is predicted that many of the Circuit fecords will be smashed before the end of the week, as the splendid condition of the track is the talk of the drivers. HORNELLSVILLE, Aug. 28.—The Hornellsville Parmers' Club fair and races opened to-day with a good attendance considering the weather. A hard rain yesterday had made the track rather heavy but the two races were fought out bitterly. In the fourth heat of the pacing race Wainut was pocketed, resulting in Wafut', and Linix Belle's bikes being smashed and Walnut's and Daisy Belle's blkes being smashed and Driver Sweckard being thrown and considerably injured. There was hard driving for the last two heats of this race, Geisha. Harem and Walnut being in good trim with Geisha the favorite. Winning the troit oday makes eleren out of fourteen continuous races won by Lake Shore. Hill Top sold favorite against the field but Lake Shore won under the whip. Summaries:

Strangers in Town. As the day of the battle between Jim Corbett and Kid McCoy draws near interest in the outcome grows apace. Everybody who has visited Corbett's quarters at Bath Beach is very much impressed with his form and looks.

Corbett was up earlier than usual yesterday and took advantage of the cool morning air by covering ten miles on the road, alternately running and walking. Upon his return a few minutes was spent with the medicine ball and when this part of his programme was over Corbett got a rub down. After dinner Corbett took on four opponents one after the other. The first to face him was George Munroe. Next The first to face him was George Munroe. Next came "Spider" Kelly of California and when Jim got through with him he tackled a former club mate from San Francisco. Leo Pardello, the wrestler, was the last one to put on the mitts with Corbett. In all he boxed about fifteen three-minute rounds. After a short rest Corbett had an inning with the punching bag, then he skipped the rope, swing Indian clubs and pulled at the weights. A bout with Pardello on the mat followed. Pardello aoted on the defensive and permitted Corbett to do all the work. Corbett showed how strong he was by turning Pardello almost on his back and getting several dangerous holds.

Those who have seen "kid" MoCoy at work lately declare that he is in perfect physical trim. The Kid's daily sparring exercises are with Harry Harris of Chicago and Jack O'Brien of Philadelphia. McCoy has selected his seconds. They will be Harry Harris, Jack O'Brien and his brother Homer. Corbett will probably be handled by "Spider" Kelly, Leo Pardello, George Cousidine and Dal Hawkins.

Many sports have arrived in this city in addition to those visitors who remained in New York after taking in the late fistic matches. The Boston delegation headed by Pat Rogers has arrived. In the party are Tommy Sutton, Andrew Lamphier, Pat Sheehan, Tom Daly, "Happy Jack" Smith, Patsy Sheppard, Denny Waish, Andrew Pendergast, Snap Hogarty and Bill Hogarty. Tom Costello is here with several friends from Cleveland. The Cincinnati, Chicago, Louisville and Buffalo sports are due to-morrow morning. Lucille Trots a Fast Mile to Wagen. C. K. G. Billings's mare Lucille, which recently set up a new trotting record to wagon, accomplished another great performance at the same style of going at Chicago on Saturday last. The time made, 2 minutes and 10 seconds, though not as good as the record, was remarkable because the Washington Park track, on which the mare trotted, was so soft and holding that a mile in 2:15 was the best looked for from either trotters or pacers. In addition John Tucker, the manager of Mr. Billings's racing stable, who weighs about 200 pounds, was in the wagon at the time of the trial.

There was no pacemaker. Lucille covered the half mile in 1:06, then increased her speed, keeping to the better going some distance from the rail. Tucker urged Lucille to her utmost nearing the finish and she dashed under the wire in 2:10, having made the last half in 1:04 and the last quarter in 0.29%. day last. The time made, 2 minutes and 10
